

Easy

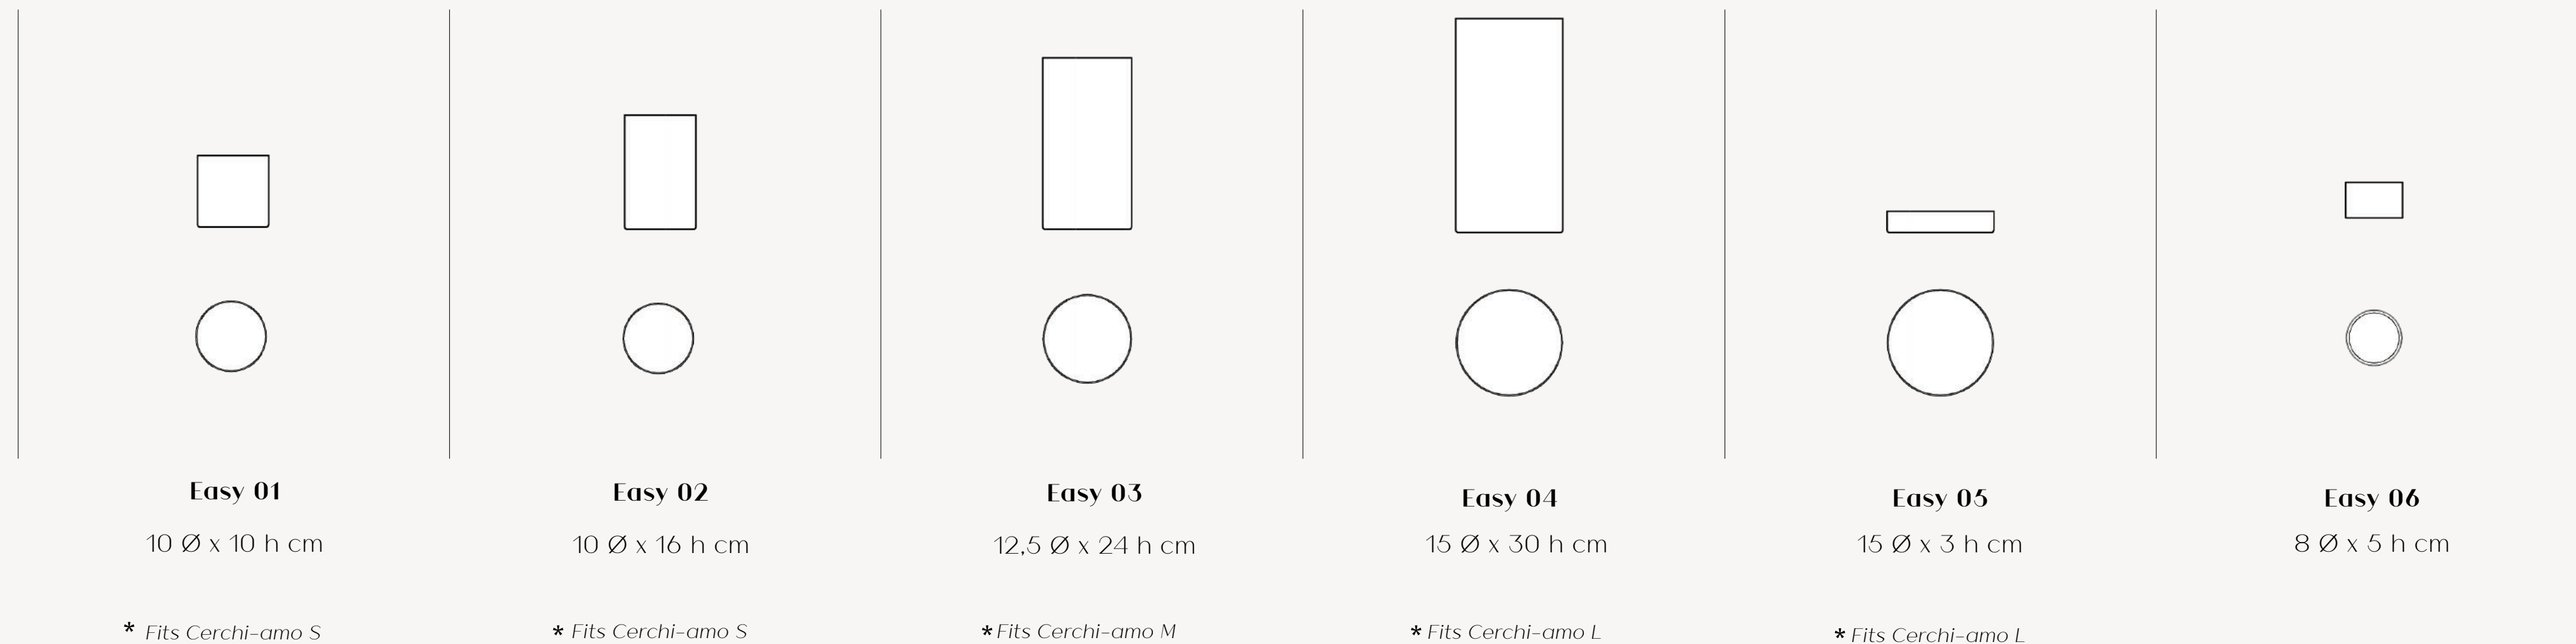

A very "easy" glass

A clear glass vase which enhances without taking the stage, the ideal complement to our Cerchi_amo tray.
With its harmonious forms and clarity, it reveals everything, including the sheer poetry that comes from wildflowers picked on your walk.

D I M E N S I O N S

Vases from our Easy collection come in different sizes, to perfectly complement our marble tray Cerchi_Amo or to pair with anything else you like.

Our glass vases are available in the the following options:

M A T E R I A L

Our Easy vases are made of **borosilicate glass**, commercially known as Pyrex, a very hard, pure and heat resistant material. It withstands temperatures up to 300C/572F and it's commonly used to make kitchen accessories which are dishwasher safe, and can go from freezer to oven or microwave.

M A I N T E N A N C E A N D C L E A N I N G

As far as **maintenance** goes, use any glass cleaner including products designed to protect from dust and smudge. For more buildup or calcium deposits, we suggest a pre-wash: immerse the vase for a couple of hours in warm water with neutral soap or a solution of water and baking soda or water and vinegar.
